MEMORANDUM FOR: Staff and Division Chiefs

SUBJECT : Inclusion of Operational Data in ZARF Reports

COMOR has authorized the inclusion of the following information, which comprises the operational data pertaining to ELINT collecting satellites in TOP SECRET ZARF reports, with no further security restrictions than those imposed by the TALENT-KEYHOLE Control System:

- a. Purpose of mission.
- b. Type of receiver (crystal video, superheterodyne, etc.).
- c. System sensitivity, including vehicle antenna gain estimates if possible.
- d. Receiver bandwidth(s).
- e. Receiver mode during intercept (scanning, lock-tuned, automatic recognition characteristics, etc.).
- f. Magnetic recording bandwidth(s).
- g. Signal parameter accuracies.
- h. Date-time intercept accuracy.
- i. Location and accuracy (of emitter, if possible, or vehicle).
